## Gorge of Poëta- Raisse, Swiss Jura

ALT. 1326m Difficult (owing to distance involved)

Dimanche 14 Juillet 2019

### Hike description:

We leave the lovely village of Môtiers via the fairytale like Gorges de la Poëta-Raisse. This is a steep trail following the gorge for about an hour and a half. At the top we follow the trail through meadows and forest down to the Chalet La Combaz where it is possible to stop for a drink. The next few hours are spent walking through farms and Jura forest. At Les Rochat we will again climb over the ridge line and steeply descend to the village of Couvet where, if time permits, we can have a drink whilst waiting for the return train.

This circuit is long (18.5km) and steep in parts (811m elevation). Brisk walking is required !
