About the Hike

Join us for an easy to medium level walk to the **Tour de Gourze** (927 m). Starting from **Grandvaux train station** (565 m), we will ascend first along paved roads, then continue on dirt trails through small wooded areas. From the summit — a beautifully restored 9th-century medieval watchtower — enjoy 360° panoramic views including the Jura Mountains, the Vaudois Prealps, and the Lac Léman.

We'll stop for a picnic near the summit with a spectacular view of the lake, weather permitting 🌞.

Our descent will take us through the famous **Lavaux vineyards** and the charming villages of **Riex** and **Eppesses** 🍷 🏡.
