

SKI CLUB INTERNATIONAL DE GENEVE

Section de ski nordique et de raquettes

Sortie à ski nordique le dimanche 29 janvier, 2023

Lajoux, Haut Jura (starting altitude 1180m)

We will make a 'figure of eight' circuit from the small village of Lajoux, adding on 1-2 extra km at the halfway point in order to reach Le Chalet de la Frasse around lunchtime. The circuit is approximately 21km. There are a couple of short cut possibilities for those who do not wish to do all 21km but please note that such short cuts remove the possibility of reaching the chalet. This venue is usually busy so please bring a picnic to eat outside the chalet. If it looks as though the weather will be very cold, we will be able to obtain hot food inside but please be prepared to queue for what could be quite a long time !

If there is insufficient snow, I will find another ski destination or suggest a hiking alternative.

8:20: Rendez-vous, rue de Varembe, UIT 8:30: Départ en voitures.
I will provide instructions to drivers on Sunday morning.

We will stop for coffee before starting upon the slopes.

Plan des pistes :
www.saint-claude-haut-jura.com

Please bring: équipement de ski nordique, lunettes de soleil, crème solaire, pique-nique, boissons chaudes, passeport, Euros.
